

Lower Duwamish Waterway Roundtable

Virtual Meeting Agenda *(v.10-28-21)*

Wednesday, November 10, 2021 | 5:30-7:30 PM

Roundtable Purpose and Structure:

The Lower Duwamish Waterway (LDW) Roundtable is a forum for those affected by the cleanup of the [Lower Duwamish Waterway Superfund Site](#) and local agencies to work together on mitigating the impacts of the cleanup on the affected community.

The Roundtable Caucuses allow EPA to hear from the hundreds of stakeholders and interested parties of the Duwamish Superfund site through Caucus representatives who coordinate with their respective interest groups before and after Roundtable meetings.

Not sure what caucus you are in? Please reach out to the third-party Roundtable facilitator (Sophie Glass, sglass@triangleassociates.com) to connect with a caucus that matches your interests and role. There is time on the agenda for non-Roundtable members to ask questions and provide input.

Purpose of Today's Meeting:

- Discuss community involvement related to the East Waterway Superfund Site.
- Hear technical updates from EPA on the status of the cleanup.
- Hear updates from Roundtable members.

How to Participate:

The meeting will be held via Zoom. We encourage you to enter the Zoom room at least 15 minutes prior to the start of the meeting so we can address any technical issues. Please test your connection in advance at <https://zoom.us/test>. For meeting access help, contact Dat Nguyen at dnguyen@triangleassociates.com or call 206-962-3707.
